

CRANE NOTIFICATION

This form is to be used for all cranes operating within the London Heliport Air Traffic Zone (2 nautical mile/ 3.7 nautical mile radius).

Provision of information on this form does not exempt the crane operator from following the notification procedure set out in Civil Aviation Authority publication CAP1096 (Guidance to crane users on the crane notification process and obstacle lighting and marking) and providing the information required to complete the CAA Notification Form (DAP1924) at Annex A of CAP1096.

The notification procedure applies all cranes or other mobile plant operating above 10m in height above ground level or higher than surrounding buildings or trees.

Applicant Details

Name			
Organisation			
Address
